FAIZA AHMED ESHA

B.Sc. in Computer Science and Engineering

+8801679829399 ahmedfaiza256@gmail.com github.com/FaizaEsha linkedin.com/in/faiza-ahmed-esha

Professional Summary

Computer Science and Engineering undergraduate with hands-on experience in full-stack web development through real-world projects. Skilled in Python, Django, REST APIs and database management, with a strong interest in backend development, Artificial Intelligence and emerging technologies. Passionate about building practical, user-focused solutions, continuously expanding technical expertise and growing as a software professional.

Technical Skills

Programming Languages : Python, C, Java, HTML, CSS, JavaScript
Frameworks & Libraries : Django, React.js, Bootstrap
Databases : MySQL, Supabase, PostgreSQL
Tools : Git, GitHub, VS Code, PyCharm, NetBeansIDE
Deployment : Vercel, Render
Core Concepts : Machine Learning, Deep Learning, Federated Learning, OOP, DSA

Projects

Ticketé – *Python, Django, React, JavaScript, Supabase* Live

Designed and developed a full-stack event ticketing platform integrating event exploration, organizer-side event management, multi-category ticket reservations, guest checkout, digital ticket issuance and QR code-based ticket verification.

Anadi Law Firm – *Python, Django, React, JavaScript, MySQL, Vite* Live

Designed and developed a full-stack legal services platform integrating lawyer consultations and appointments, client and case management, hearing schedules, legal resources and streamlined administrative operations.

Eduverse – *Python, Django, HTML, CSS, JavaScript, SQLite* GitHub

Designed and developed a peer-to-peer e-learning platform integrating course creation and management, video lessons, live class scheduling, student progress tracking, course reviews, direct messaging and teacher earnings and withdrawal management.

Ping Pong Game – *Java, Java Swing* GitHub

Developed an interactive Ping Pong game supporting single-player (vs. computer) and two-player modes, featuring ball physics, collision detection, score tracking and a seven-round winning system using object-oriented programming principles.

Additional Projects

ProtisrutiNGO (Python, Django, HTML, CSS – GitHub) – Developed an NGO support platform to connect survivors with counselors for support and appointment scheduling based on counselor availability and implemented a donation system.

A Comparative Study on Fine-Grained Bangla Toxic Comment Classification (Python, ML, DL, NLP, BanglaBERT) – Conducted a comparative study of machine learning, deep learning and transformer-based models for fine-grained classification of explicit and subtle toxicity in Bangla social media comments. Accepted at the *11th IEEE CSDE 2026*.

Delivery Management System (MySQL, XAMPP – GitHub) – Designed and developed a relational database system for managing merchants, customers, riders, orders, parcels, delivery hubs and employees, incorporating delivery tracking, rider tips, merchant classification and fraud reporting.

Work Experience

Software Developer Intern, Cyber Bit Byte *September 2026 - Present*

Contributed to the development of a full-stack law firm management platform, collaborating with team members to implement features, resolve technical challenges and support the software development lifecycle through effective teamwork and problem-solving.

Full-stack Developer Intern, Eutropia IT Solution *August 2026 - October 2026*

Developed a full-stack event management and ticketing platform, implementing key functionalities, addressing technical challenges and collaborating with team members throughout the development lifecycle.

Education

B.Sc. in Computer Science and Engineering – University of Asia Pacific (UAP), Dhaka *Expected:* December 2026
CGPA: 3.71 out of 4.00 (Till 7th Semester)

Higher Secondary Certificate – Ideal College, Dhanmondi (GPA: 4.17 / 5.00) 2021

Secondary School Certificate – YWCA Higher Secondary Girls' School (GPA: 4.17 / 5.00) 2019

Achievements

- Listed on the **Vice Chancellor's Award** twice for academic excellence.
- Received the **Dean's Award** twice for outstanding academic performance.
- Secured **1st Runner-Up** position in the Poster Presentation Competition at IEEE Day 2026.
- **Coordinated** and assisted in organizing various departmental events at the university.
